

U.S. Presence (New York & Houston)

Since many potential clients in the U.S. prefer doing business from within their own country and familiar time zones, accessibility is key to starting any new venture or expanding into the U.S. When you become a TABS member, we can work with you to provide representation services that will allow you to run your international office from your current location, while making your organization easily accessible for U.S. clients. We can provide you with a U.S. postal address, phone and email support.

When a more physical presence is needed, TABS offers Flex Desk licenses, allowing you to reserve a workspace at our locations by the day, week, or month. We also offer Office Suite licenses, providing a dedicated office space and amenities that can be at the disposal of your organization. For meetings, conference rooms are also available for rent.

TABS partners with New Amsterdam Trade & Consultancy to provide your Company with a full-service presence in the U.S. that will keep your work flowing no matter where your headquarters are. Our combined experience in Trans-Atlantic business services is unmatched.

Among the other services offered are:

- Mail and address services, with mail scanned and shared via secure server.
- Reception, phone answering and phone forwarding services.
- Flex desks, office suites and conference rooms.

TABS can also provide all services elsewhere in the U.S.

Contact us today to find out more about how TABS can assist your business and to receive a detailed list of services and pricing.
